Table 3.7.1: Separations with a Country of birth code of <i>Inadequately described</i> , by hospital sector, states and territories, 2001-02 to 2003-04.....	37
Table 3.14.1: Separations with a diagnosis of injury or poisoning and no External cause code reported, by hospital sector, states and territories, 2001-02 to 2003-04.....	52
Table 3.15.1: Separations with a Funding source of <i>Not known</i> , by hospital sector, states and territories, 2001-02 to 2003-04.....	55
Table 3.16.1: Separations with a Hospital insurance status of <i>Unknown</i> , by hospital sector, states and territories, 2001-02 to 2003-04.....	58

Table 3.17.1: Separations with an Indigenous status of <i>Not stated/inadequately described</i> , by hospital sector, states and territories, 2001–02 to 2003–04	61
Table 3.18.1: Separations where age was less than 365 days and Infant weight, neonate, stillborn was not reported, by hospital sector, states and territories, 2001–02 to 2003–04	63
Table 3.18.2: Separations where age was less than 365 days and Infant weight, neonate, stillborn was not reported, by age of patient (in days), states and territories, 2001–02 to 2003–04.....	64
Table 3.19.1: Separations with an Intended length of stay of <i>Not provided</i> , by hospital sector, states and territories, 2001–02 to 2003–04.....	66
Table 3.20.1: Separations with an Inter-hospital contracted patient code of <i>Not reported</i> , by hospital sector, states and territories, 2001–02 to 2003–04	69
Table 3.21.1: Separations with a Major Diagnostic Category of <i>Not reported</i> , by hospital sector, states and territories, 2001–02 to 2003–04.....	72
Table 3.22.1: Separations with a Medicare eligibility status of <i>Unknown</i> , by hospital sector, states and territories, 2001–02 to 2003–04	75
Table 3.23.1: Separations with a Mental health legal status of <i>Unknown/not reported</i> , for separations with specialised psychiatric care, by hospital sector, states and territories, 2001–02 to 2003–04.....	77
Table 3.24.1: Separations with a Mode of admission of <i>Unknown</i> , by hospital sector, states and territories, 2001–02 to 2003–04.....	80
Table 3.25.1: Separations with a Mode of separation of <i>Unknown</i> , by hospital sector, states and territories, 2001–02 to 2003–04.....	82
Table 3.30.1: Separations with an External cause code in the range V01–Y89 and no Place of occurrence code reported, by hospital sector, states and territories, 2001–02 to 2003–04.....	94
Table 3.30.2: Separations with an External cause code in the range V01–Y89 and a Place of occurrence code of <i>Unspecified place</i> , by hospital sector, states and territories, 2001–02 to 2003–04.....	96
Table 3.30.3: Separations with an External cause code in the range V01–Y89 and a Place of occurrence code of <i>Other specified place</i> , by hospital sector, states and territories, 2001–02 to 2003–04.....	97
Table 3.31.1: Separations for which a Principal diagnosis was not reported, by hospital sector, states and territories, 2001–02 to 2003–04.....	99
Table 3.32.1: Separations for which a Procedure was not reported, by hospital sector, states and territories, 2001–02 to 2003–04.....	101
Table 3.32.2: Separations, by maximum number of procedures reported per separation, mean number of procedures reported per separation and the proportion of separations with only one procedure code reported, by hospital sector, states and territories, 2001–02 to 2003–04.....	102
Table 3.35.1: Separations for which Source of referral to public psychiatric hospital was <i>Unknown</i> , public psychiatric hospitals, states and territories, 2001–02 to 2003–04.	109

Table 3.38.1: Separations with an Urgency of admission code of *Not known/not reported*,
by hospital sector, states and territories, 2001-02 to 2003-04117

Table A1: Separations by hospital sector, states and territories, 2001-02 to 2003-04118

Acknowledgments

This report would not have been possible without the valued cooperation and efforts of the data providers, the state and territory health authorities and members of the Australian Hospital Statistics Advisory Committee. The Australian Institute of Health and Welfare (AIHW) thanks them for their assistance in the preparation of this report. The AIHW would also like to acknowledge the funding and assistance provided by the Australian Government Department of Health and Ageing.

Members of the Australian Hospital Statistics Advisory Committee are:

- Ken Tallis (AIHW) (Chair)
- John Agland (New South Wales Health Department)
- Paul Basso (South Australian Department of Health)
- Paul Collins (Private Health Insurance Administration Council)
- Sue Cornes (Queensland Health)
- Louise Edmonds (Australian Capital Territory Department of Health)
- Andrew George-Gamlyn (Australian Healthcare Association)
- Mark Gill (Victorian Department of Human Services)
- Steve Hann (Australian Government Department of Health and Ageing)
- Gary Inglis (Northern Territory Department of Health and Community Services)
- Lynette Lee (Clinical Casemix Committee of Australia)
- Paul Mackey (Australian Private Hospitals Association Limited)
- Kirsten McKenzie (National Centre for Classification in Health)
- Tara Pritchard (Australian Bureau of Statistics)
- Tony Sansom (Tasmanian Department of Health and Human Services)
- Tony Satti (Western Australian Department of Health)
- Bill Weir (Australian Government Department of Veterans' Affairs)

Within the AIHW, the report was prepared by Christina Barry, Katrina Burgess, Earl Dudley, Jenny Hargreaves, Barbara Levings, Maryellen Moore and Katherine Tekell. Cecilia Burke coordinated the printing and publication process.
