Table 28:	Specialists: main specialty of qualification, sex and States and Territories, 1995	48
Table 29:	Specialists per 100,000 population: main specialty of qualification and States and Territories, 1995	51
Table 30:	Specialists: main specialty of qualification, age and sex, Australia, 1995.....	52
Table 31:	Specialists: main specialty of qualification and region, Australia, 1995	55
Table 32:	Specialists: main specialty of qualification and country of initial qualification, Australia, 1995	56
Table 33:	Specialists: comparison of main specialty of practice with main specialty of qualification and sex, Australia, 1995	57
Table 34:	All specialist qualifications: specialty of qualification and sex, Australia, 1995	58
Table 35:	All specialist qualifications: specialty of qualification and States and Territories, 1995	59
Table 36:	Specialists: main specialty of practice and States and Territories, 1995	60
Table 37:	Specialists per 100,000 population: main specialty of practice and States and Territories, 1995	61
Table 38:	All specialist services: specialty of practice and sex, Australia, 1995	62
Table 39:	All specialist services: specialty of practice and States and Territories, 1995.....	63
Table 40:	Specialists: main specialty of practice and region, Australia, 1995.....	64
Table 41:	Specialists: main specialty of practice and region of all jobs, Australia, 1995.....	65
Table 42:	Specialists-in-training: specialty of training and States and Territories, 1995.....	67
Table 43:	Specialists-in-training: specialty of training, age and sex, Australia, 1995.....	68
Table 44:	Specialists-in-training: total hours worked per week, age and sex, Australia, 1995	69
Table 45:	Specialists-in-training: work setting, age and sex, Australia, 1995	69
Table 46:	Specialists-in-training: specialty of training and expected year of completion, Australia, 1995.....	70

5 Hospital non-specialists

Table 47:	Hospital non-specialists: classification, age, sex and States and Territories, 1995	72
-----------	-------------------------------------------------------------------------------------------	----

Table 48:	Hospital non-specialists: classification, sector of employment and States and Territories, 1995	74
Table 49:	Resident medical officers and interns: total hours worked per week, sex and States and Territories, 1995.....	76
Table 50:	Resident medical officers and interns: average hours worked per week, age, sex and States and Territories, 1995	77
Table 51:	Resident medical officers and interns: right of private practice and States and Territories, 1995	77
Table 52:	Other salaried hospital career practitioners: total hours worked per week, sex and States and Territories, 1995.....	79
Table 53:	Other salaried hospital career practitioners: average hours worked per week, age, sex and States and Territories, 1995.....	80
Table 54:	Other salaried hospital career practitioners: average hours worked per week, region and sex, Australia, 1995.....	80
Table 55:	Other salaried hospital career practitioners: training status, age and sex, Australia, 1995.....	81
Table 56:	Other salaried hospital career practitioners: right of private practice and States and Territories, 1995	81
Table 57:	Other salaried hospital career practitioners: region, country of initial qualification and residency status, Australia, 1995.....	82

6 Medical labour force in hospitals

Table 58:	All medical practitioners working in public hospitals: occupation, sex and States and Territories, 1995	84
Table 59:	All medical practitioners working in public hospitals: occupation and region, Australia, 1995	86
Table 60:	All medical practitioners working in public hospitals: country of initial qualification and citizenship/residency status, Australia, 1995	86
Table 61:	All medical practitioners working in private hospitals: occupation, sex and States and Territories, 1995	88
Table 62:	All medical practitioners working in private hospitals: occupation and region, Australia, 1995	90
Table 63:	All medical practitioners working in private hospitals: country of initial qualification and citizenship/residency status, Australia, 1995	90

7 Rural medical labour force

Table 64:	Medical practitioners whose main job is in a rural area: region, occupation, sex and States and Territories, 1995	93
Table 65:	Medical practitioners whose main job is in a rural area per 100,000 population: region, occupation and States and Territories, 1995	97
Table 66:	Medical practitioners whose main job is in a rural area: region, age and States and Territories, 1995	99
Table 67:	Medical practitioners whose main job is in a rural area: region, work setting and States and Territories, 1995.....	100
Table 68:	Medical practitioners whose main job is in a rural area: region, occupation, age and sex, Australia, 1995	101
Table 69:	Medical practitioners whose main job is in a rural area: region and selected characteristics, Australia, 1995.....	105
Table 70:	Metropolitan medical practitioners with a second or third job in a rural area: region, occupation and States and Territories, 1995	106
Table 71:	Total rural labour force: region and occupation, Australia, 1995.....	107

8 Overseas-trained medical practitioners in the Australian medical labour force

Table 72:	Employed medical practitioners: occupation, country of initial qualification and States and Territories, 1995	109
Table 73:	Employed medical practitioners: country of initial qualification, citizenship/residency status and sex, Australia, 1995	110
Table 74:	Permanent resident overseas-trained medical practitioners: occupation, country of initial qualification and region, Australia, 1995	111
Table 75:	Temporary resident medical practitioners: occupation, country of initial qualification and States and Territories, 1995	112
Table 76:	Temporary resident overseas-trained medical practitioners: occupation, country of initial qualification and region, Australia, 1995	113
Table 77:	Temporary resident overseas-trained medical practitioners: work setting, region and States and Territories, 1995.....	114

9 Aboriginal health service employment

Table 78:	Clinicians employed in an Aboriginal health service per 100,000 Aboriginal population: States and Territories, 1995	117
Table 79:	Medical practitioners employed in an Aboriginal health service: selected characteristics and States and Territories, 1995.....	118
Table 80:	Medical practitioners employed in an Aboriginal health service in their main job: selected characteristics and States and Territories, 1995	119

10 Non-clinician medical practitioners

Table 81:	Non-clinician medical practitioners: occupation, age and sex, Australia, 1995	121
Table 82:	Non-clinician medical practitioners: work setting and occupation of main job, Australia, 1995	122

11 Registered medical practitioners not practising medicine

Table 83:	Registered medical practitioners on leave for three months or more: country of initial qualification, age and sex, Australia, 1995	124
Table 84:	Registered medical practitioners practising overseas: country of initial qualification, age and sex, Australia, 1995.....	125
Table 85:	Registered medical practitioners currently not employed: country of initial qualification, age and sex, Australia, 1995.....	126
Table 86:	Registered medical practitioners, employed, but not in medicine: country of initial qualification, age and sex, Australia, 1995	127

12 Medical education and training

Table 87:	Australian citizen/permanent resident medical student course completions: level of course, Australia, 1989-95	129
Table 88:	Medicine course completions: university, citizenship, level of course and sex, Australia, 1995.....	130
Table 89:	Australian citizen/permanent residents commencing undergraduate medicine courses: State and region of home residence, 1989-96	131
Table 90:	Australian citizen/permanent residents commencing undergraduate medicine courses: sex and university, 1989-96.....	132
Table 91:	Australian citizen/permanent residents commencing undergraduate medicine courses: university and State of home residence, 1993.....	133
Table 92:	Australian citizen/permanent residents commencing undergraduate medicine courses: university and State of home residence, 1996.....	134

Table 93: Australian citizen/permanent resident medicine students: level of course and sex, 1989–96.....	135
Table 94: Australian citizen/permanent resident medicine students: country of birth and sex, 1994–96.....	135

13 Additions to the labour force from migration

Table 95: Australian Medical Council examination results, 1992 to 1996.....	136
Table 96: Permanent migration of medical practitioners to Australia: category of visa, 1991–92 to 1995–96.....	138
Table 97: Permanent migration of medical practitioners to Australia: category of visa and country of visa issue, 1995–96	138
Table 98: Permanent migration of medical practitioners to and from Australia, 1992–93 to 1995–96	139
Table 99: Temporary migration of medical practitioners to and from Australia for the purpose of employment, 1992–93 to 1995–96	140

14 Medicare statistics

Table 100: Medicare providers: peer group and specialty, 1984–85 to 1995–96	143
Table 101: Average number of services per Medicare provider: peer group and specialty, 1984–85 to 1995–96	144
Table 102: Number of Medicare providers per 100,000 population: peer group and specialty, 1984–95 to 1995–96	145
Table 103: Average number of Medicare services per capita: age and sex, 1987–88 to 1995–96.....	146
Table 104: Average number of Medicare services per capita: service type, 1987–88 to 1995–96.....	146
Table 105: Medicare providers active in 1995–96 but not in 1994–95: field of practice and country of initial qualification.....	148
Table 106: Medicare providers active in 1995–96 but not in 1994–95: country of initial qualification, age and sex.....	148
Table 107: Medicare providers active in 1994–95 but not in 1995–96: field of practice and country of initial qualification.....	149
Table 108: Medicare providers active in 1994–95 but not in 1995–96: country of initial qualification, age and sex.....	149

Acknowledgments

This publication was prepared by Warwick Conn, Wendy Cooper, Graham Angus, John Harding and Kathy Southgate in the Labour Force and Data Management units of the Australian Institute of Health and Welfare.

Thanks are extended to each State and Territory medical board and health authority that provided data used in this publication; to the Department of Immigration and Multicultural Affairs, the Department of Employment, Education, Training and Youth Affairs, and the Australian Medical Council for immigration and education data; to the Department of Health and Family Services for Medicare data; and to the Australian Bureau of Statistics for population data.

Symbols and other usages

Throughout this publication, numbers within tables may not add to the totals shown. This is due to the rounding of estimates produced by adjusting for non-response to the survey.

Throughout this publication, percentages may not add up to 100.0 due to rounding.

Italics within a table denotes a subtotal.

Percentage printed as 0.0 may denote less than 0.05%.

. . denotes not applicable.

n.a. denotes not available.
