Preface

This publication contains statistical tables and charts in relation to South Australia and is intended to supplement the Series 12 (2006–07) annual national report on the Supported Accommodation Assistance Program (SAAP) National Data Collection (AIHW 2008). The first national report, containing 1996–97 data, was published in December 1997. The reports provide information on people who are homeless or at risk of being homeless.

A productive and cooperative partnership has continued between the SAAP National Data Collection Agency (managed by the Australian Institute of Health and Welfare), SAAP agencies and the SAAP Information Subcommittee. Valuable support and encouragement have been provided by the SAAP Coordination and Development Committee, which is responsible for the national direction of SAAP.

This partnership has been built on shared goals and mutual trust. The key has been agencies' willingness to collect and provide data to the National Data Collection Agency, knowing that any personal information provided by clients is protected by the extremely strict confidentiality provisions of the *Australian Institute of Health and Welfare Act 1987*.

This large and complex project has not only a high level of support but also a high level of accuracy. We are confident that we can further improve the quality of the information provided to help policy makers and the community better understand and provide for the needs of people who are homeless or at risk of being so.

Acknowledgments

This report was prepared by Felicity Murdoch of the SAAP National Data Collection Agency (NDCA) at the Australian Institute of Health and Welfare (AIHW). All staff at the NDCA have contributed to this report – without the efforts of Simon Edwards, Joseph Hogan, Anne Aisbett, Richard Tuttle, Stirling Lewis, Michael Navaratnam, Neil Angel, Lynda Carney, Phil Denman, Anne Giovanetti, Melita Kunstelj, Claire Lahiff, Dianne Oglesby, Joan Reid, Toni Stepniak, Tom Watson and Katrina Williams this report would not have been possible.

Justin Griffin, Heather Logie and the SAAP Information Subcommittee provided helpful comments on the draft report. Cecilia Burke and Peter Nolan provided assistance in preparing the report for publication.

Finally, the vital role played by data providers is acknowledged. This report draws together a large amount of statistical material and could not have been produced without the efforts and cooperation of SAAP service providers and clients, who provided service and client information, and of the Australian Government Department of Families, Housing, Community Services and Indigenous Affairs (FaHCSIA) and the South Australian Department for Families and Communities, which provided administrative data.

1 Introduction

This publication is one of eight state and territory supplements that accompany the Series 12 (2006–07) annual national report on the Supported Accommodation Assistance Program (SAAP) National Data Collection (AIHW 2008). The annual report provides an overview of assistance given to clients of agencies funded through SAAP.

The tables and charts included in this supplement are generally similar to those in the national report but relate to South Australia only. Information to aid readers in interpreting the tables is given in Appendix 2 of the national report (AIHW 2008). Included in that appendix are:

- an overview of the Client Collection and its data
- general notes to tables
- an explanation of the weighting system used to adjust the data for agency non-participation and client non-consent
- counting rules and glossary terms used in the tables
- a guide to interpreting the tables. In particular, two example tables with explanatory notes demonstrate how to interpret data presented in the different types of tables in the report.

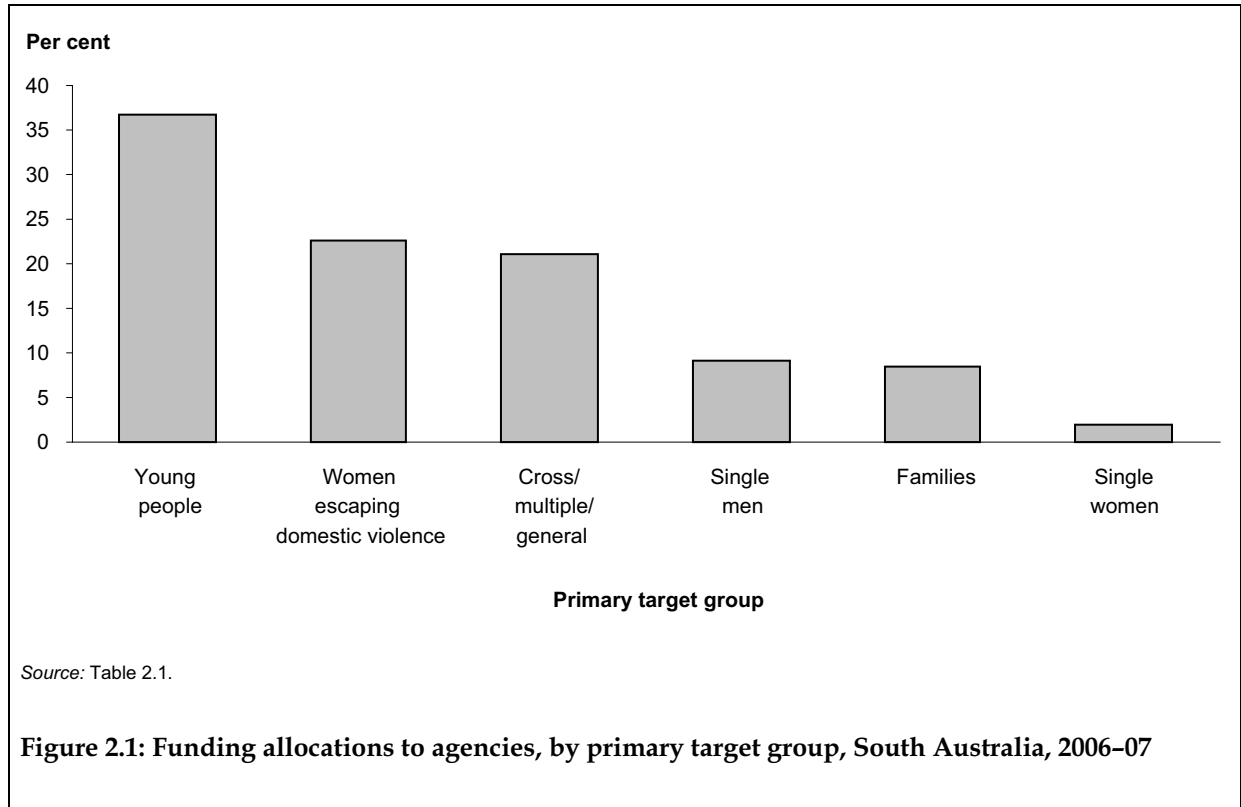

Appendix 2 to this supplementary report provides additional information relevant only to the interpretation of tables for South Australia. Appendix 3 contains a copy of the client form used to collect data in 2006–07.

Data presented here primarily relate to the financial year ending 30 June 2007. In addition, a number of tables contain data for the 11 years that the National Data Collection has been conducted (refer to Chapter 9).

Estimates in this report are subject to revision. Revised tables, along with the reports themselves, are posted on the website of the Australian Institute of Health and Welfare <www.aihw.gov.au>. Regional tables and counts for all data items collected are available in hard copy or electronic format on request from the National Data Collection Agency, which is managed by the Australian Institute of Health and Welfare (ndca@aihw.gov.au).

Funding allocations to agencies ^(a)	117	100.0	31,718,000	96.8	271,100
Other funding allocations	1,039,000	3.2	..
Total	32,756,000	100.0	..

(a) 'Funding allocation' includes Innovation and Investment Fund allocations (refer to Appendix 1 and AIHW 2008). 'Funding allocation' by region and primary target group and 'Funding allocations to agencies' exclude funds not allocated to agencies, e.g. funds allocated for administration, training, research and evaluation (these are shown in 'Other funding allocations').

(b) For the definition of region, refer to Appendix 2, Section A2.2.

Notes

1. At 30 June 2007, all agencies were funded.
2. Total funding allocations include \$1.1m provided by the South Australian funding department in addition to the SAAP funding agreement between South Australia and the Australian Government.
3. Not all funded agencies are required to participate in the Client Collection (refer to Table A2.1 and AIHW 2008:Appendix 2).

3 Level of support

3.1 Key chart

3.2 Tables

Table 3.1: SAAP support periods and clients, South Australia, 2006–07

Support periods	20,000
With accommodation	7,200
Without accommodation	12,800
Clients	12,200
Mean number of support periods per client	1.64
Clients per 10,000 population aged 10+ years ^(a)	87

(a) 'Per 10,000 population aged 10+ years' shows how many people out of every 10,000 aged 10 years and over in the general population became SAAP clients. The rate is estimated by comparing the number of SAAP clients aged 10 years and over with the estimated resident population aged 10 years and over at 30 June 2006 (preliminary estimates).

Notes

1. Number excluded due to errors and omissions (weighted): 0.
2. The number of clients in this table relates to the first visit for that client in South Australia. Since a client may have support periods in more than one state or territory, state and territory figures do not sum to the national figure.
3. Support period figures have been weighted to adjust for agency non-participation.
4. Client figures have been weighted to adjust for agency non-participation and client non-consent.

Table 3.2: SAAP accompanying child support periods and accompanying children, South Australia, 2006–07

Accompanying child support periods	13,700
With accommodation ^(a)	3,200
Without accommodation ^(a)	10,500
Accompanying children	9,400
Mean number of accompanying child support periods per accompanying child	1.46
Accompanying children per 10,000 population aged 0–17 years ^(b)	269

(a) Dates of support and accommodation are not collected for accompanying children. For the purposes of calculating the number of accompanying child support periods with and without a period of accommodation, accompanying children are assumed to be accommodated if their parent or guardian was accommodated.

(b) 'Per 10,000 population aged 0–17 years' shows how many people out of every 10,000 aged 17 years and under in the general population accompanied SAAP clients. The rate is estimated by comparing the number of SAAP accompanying children aged 17 years and under with the estimated resident population aged 17 years and under at 30 June 2006 (preliminary estimates).

Notes

1. Number excluded due to errors and omissions (weighted): 0.
2. The number of accompanying children in this table relates to the first visit for that child in South Australia. Since a client with accompanying children may have support periods in more than one state or territory, state and territory figures do not sum to the national figure.
3. Accompanying child support period figures have been weighted to adjust for agency non-participation.
4. Accompanying children figures have been weighted to adjust for agency non-participation and client non-consent.

(a) 'Per 10,000 population' shows how many people out of every 10,000 in the population of that sex and age group became SAAP clients. The rate is estimated by comparing the number of SAAP clients with the estimated resident population in the designated sex and age group as at 30 June 2006 (preliminary estimates). For the age group 'Under 15 years', only those aged 10–14 are included in the calculations.

(a) 'Per 10,000 population of applicable age group' shows how many children out of every 10,000 children in the relevant age group in the general population accompanied SAAP clients. The rate is estimated by comparing the number of SAAP accompanying children with the estimated resident population in the designated age group as at 30 June 2006 (preliminary estimates).

Notes

1. Number excluded due to errors and omissions (weighted): 0.
2. The number of accompanying children in this table relates to the first visit for that child in South Australia. Since a client with accompanying children may have support periods in more than one state or territory, state and territory figures do not sum to the national figure.
3. Figures have been weighted to adjust for agency non-participation and client non-consent.

Notes

1. Number excluded due to errors and omissions (weighted): 4,516 (closed accompanying child support periods with no information on service requirements or provision). In 4,266 of these, 'no assistance' was indicated as required for the accompanying child.
2. In groups of service types, an accompanying child may require more than one type of service within the group. Percentages for broad groups relate to all needs and not to support periods. For individual types of services, a need can be recorded only once within a support period, so percentages relate to accompanying child support periods.
3. In order to ensure confidentiality, some service type categories in Part a of this table have been combined.
4. Figures have been weighted to adjust for agency non-participation.

(a) 'Total funding' and 'Funding to agencies' for 1999–00 and 2000–01 include relatively small amounts provided through the Partnerships Against Domestic Violence Program (AIHW 2001a:Table 2.1, 2001b:Table 2.1). 'Total funding' and 'Funding to agencies' for 2006–07 include state allocations in addition to the SAAP agreement between this government and the Australian Government (Table 2.1).

(b) SAAP agencies may receive funding from sources other than SAAP. This is not included.

(c) 'Funding per support period' and 'Funding per client' are based on funding allocations to agencies.

(d) Funding for 2006–07 includes Innovation and Investment Fund allocations. Refer to Appendix 1 and AIHW 2008.

Notes

1. In 2005–06 the definition of a support period, the definition of a client and the statistical linkage key were changed. Data from that point on are therefore not comparable to previous years.
2. Refer to AIHW 2008:Chapter 9 for further information.
3. Support period figures have been weighted to adjust for agency non-participation.
4. Client figures have been weighted to adjust for agency non-participation and client non-consent.

Notes

1. In 2005–06 the definition of a support period, the definition of a client and the statistical linkage key were changed. Data from that point on are therefore not comparable to previous years.
2. The number of clients in this table relates to the first visit for that client in South Australia. Since a client may have support periods in more than one state or territory, state and territory figures do not sum to the national figure.
3. Refer to AIHW 2008:Chapter 9 for further information.
4. Support period figures have been weighted to adjust for agency non-participation.
5. Client figures have been weighted to adjust for agency non-participation and client non-consent.

Notes

1. In 2005–06 the definition of an accompanying child support period, the definition of an accompanying child and the statistical linkage key were changed. Data from that point on are therefore not comparable to previous years.
2. Dates of support and accommodation are not collected for accompanying children. For the purposes of calculating the number of days of support and the number of nights of accommodation, accompanying children are assumed to have the same periods of support and accommodation as their parent(s) or guardian(s).
3. The number of accompanying children in this table relates to the first visit for that child in South Australia. Since a client with accompanying children may have support periods in more than one state or territory, state and territory figures do not sum to the national figure.
4. In 2001–02, 2002–03 and 2004–05, data that enabled the number of accompanying children to be estimated was not collected by agencies using the high-volume collection form. The reporting year 2004–05 was the first year that the number of accompanying children could be reported for all participating agencies.
5. Refer to AIHW 2008:Chapter 9 for further information.
6. Accompanying child support period figures have been weighted to adjust for agency non-participation.
7. Accompanying children figures have been weighted to adjust for agency non-participation and client non-consent.

(a) 'Agencies' refers to the number of agencies that were 'in scope'—that is, that should have been participating in the reference period. Refer to AIHW 2008:Appendix 2.

(b) 'Valid consent' here refers to records with a valid statistical linkage key (refer to AIHW 2008:Appendix 2 and AIHW 2006:Glossary). Note that in 2005–06 the statistical linkage key was changed and therefore data from that point on are therefore not comparable to previous years.

Notes

1. Table based on records returned from agencies in scope for the Client Collection during the reference period. Not all agencies funded under SAAP are required to participate in the Client Collection. Consequently, some agencies funded under SAAP (refer to Table 2.1) are not included in this table.

COMPLETED FORMS WILL BE KEPT STRICTLY CONFIDENTIAL

If you have any problems completing this form please telephone the SAAP NDCA hotline on 1800 627 191 or email ndca@aihw.gov.au

RETURNING FORMS TO THE NDCA

- In the first week of each month, send the forms of *clients who have left the agency in the last month* to the NDCA in the prepaid envelope provided.
- **Forms should reach the NDCA by the 15th of each month.**
- Include a completed Form Return Sheet with your forms. If no clients left your agency in the last month record **zero** forms to return on the Form Return Sheet. This ensures that your agency is counted as participating in the National Data Collection. The NDCA is required to notify State/Territory funding departments of agencies that do not return forms (or Form Return Sheets) each month.

30 JUNE 2006 AND 31 DECEMBER 2006

- In the first week of July 2006 and in the first week of January 2007, you should notify the NDCA of clients who are still being supported as at 30 June 2006 and 31 December 2006.
- For clients who are ongoing at 30 June 2006, transfer the information from the old 2005–2006 form to the new 2006–2007 form. Return the old form to the NDCA along with the forms of clients who have left your agency in the last month. Retain the new form in your agency until the client has finished his/her support period.
- For ongoing clients at 31 December—use the December Form Return Sheet and note in the box provided the number of clients being supported on 31 December 2006. It is important to send in a December Form Return Sheet even if you did not have any client forms to remit or you had no ongoing clients.

If you do not need the materials sent to you, please return them in the NDCA Reply Paid envelope.
