Preface

This publication contains statistical tables and charts in relation to South Australia and is intended to supplement the fifth (2000-01) annual national report on the Supported Accommodation Assistance Program (SAAP) National Data Collection. The first national report, containing 1996-97 data, was published in December 1997. The reports provide information on people who are homeless and those who are at risk of being homeless.

A productive and cooperative partnership has continued between the SAAP National Data Collection Agency (managed by the Australian Institute of Health and Welfare), SAAP agencies and the SAAP Data Sub-committee, comprising government, community and expert representatives. Valuable support and encouragement have been provided by the SAAP Coordination and Development Committee, which is responsible for the national direction of the SAAP program.

This partnership has been built on shared goals and mutual trust. The key has been agencies' willingness to collect and provide data to the National Data Collection Agency, knowing that any personal information provided by clients is protected by the extremely strict confidentiality provisions of the *Australian Institute of Health and Welfare Act 1987*.

The fact that 94% of agencies in South Australia provided data in 2000-01 is testimony to their collective commitment to, and confidence in, the collection. The proportion of SAAP clients who consented to the provision of their personal data to the National Data Collection Agency remained constant at 81% in 1999-00 and 2000-01.

This large and complex project has not only a high level of support but also a high level of accuracy. We are confident that we can further improve the quality of the information provided to help policy makers and the community better understand and provide for the needs of people who are homeless or at risk of being so.

Under the Coordination and Development Committee's direction, a SAAP National Research Program has been established to undertake and fund studies on homeless people, often using data from the National Data Collection. Over time, the availability of time-series SAAP data will greatly increase the usefulness of the data. The publication of this fifth annual report and the release of 2000-01 data are one step towards this goal.

Acknowledgments

This statistical publication was prepared by staff of the SAAP National Data Collection Agency at the Australian Institute of Health and Welfare: Rosemary Karmel, Louise Catanzariti, Felicity Murdoch and Joan Reid. Justin Griffin and Ching Choi provided helpful comments during the preparation of the report.

Table programming and production were carried out by Colin Farlow, Qasim Shah and Cathy Hotstone. Data entry was managed by Fiona Holland. Without the efforts of Kay Grzadka, Paul Halliday, Gloria Jackson, Neil Angel, Anne Giovanetti, Trent Harlow, Melinda Hecker, Stirling Lewis, Athena Pawlowski, Toni Stepniak and Natalie Sugden, who ensured that the data were collected and processed, this report would not have been possible.

The SAAP Data Sub-committee and the South Australian Department of Human Services provided valuable support and comments throughout the development and drafting of the report. The authors also acknowledge the assistance provided by Amanda Nobbs and Ainsley Morrissey in preparing the report for publication.

Finally, the authors acknowledge the vital role played by data providers. This report draws together a large amount of statistical material and could not have been produced without the efforts and cooperation of SAAP service providers and clients, who provided service and client information, and of the Commonwealth Department of Family and Community Services and the South Australian Department of Human Services, which provided administrative data.

Glossary

Accompanying child	A person aged under 18 years who accompanies a <i>client</i> to a SAAP agency during a <i>support period</i> .
Accompanying child requiring assistance	A child aged under 18 years who requires and/or receives <i>support</i> or <i>supported accommodation</i> from a SAAP agency and whose parent or guardian is a <i>client</i> of the same agency.
Accompanying child support period	<p>An <i>accompanying child requiring assistance</i> may require and/or receive assistance during one or more <i>support period(s)</i> provided to a parent or guardian. Each <i>support period</i> in which the child requires and/or receives assistance is termed an <i>accompanying child support period</i>.</p> <p>Within an <i>accompanying child support period</i> the child may receive one-off assistance and/or support over a period of time. Since the child may not be supported for the entire duration of their parent's or guardian's <i>support period</i>, it is not possible to assess the length of support for an <i>accompanying child requiring assistance</i>.</p>
Agency	An organisation or establishment that receives a specified amount of SAAP funds to provide services.
Alpha code	A predetermined combination of letters from a <i>client's</i> name, together with a letter designating the <i>client's</i> gender. A 'valid <i>alpha code</i> ' is a legitimate <i>alpha code</i> (that is, one containing only letters from the alphabet and ending in either M or F) joined to the <i>client's</i> reported year of birth and encrypted to create a unique <i>client</i> indicator.
Client	<p>A person aged 18 years or older, or a person of any age not accompanied by a parent or guardian, who:</p> <ul style="list-style-type: none">• receives <i>support</i> or assistance from a SAAP agency which entails generally 1 hour or more of a worker's time, either with that <i>client</i> directly or on behalf of that <i>client</i>, on a given day; or• is accommodated by a SAAP agency; or• enters into an <i>ongoing support relationship</i> with a SAAP agency.
Closed accompanying child support period	An <i>accompanying child support period</i> associated with a <i>closed support period</i> .
Closed support period	A <i>support period</i> that had finished before the end of the reporting period – 30 June.

English proficiency group 1 countries	Canada, Ireland, New Zealand, South Africa, the United Kingdom, and the United States of America.
English proficiency group 2–4 countries	Countries, excluding Australia, that are not included in <i>English proficiency group 1</i> .
Homeless person	<p>A person who does not have access to safe, secure and adequate housing. A person is considered not to have access to safe, secure and adequate housing if the only housing to which they have access:</p> <ul style="list-style-type: none"> • damages, or is likely to damage, their health; or • threatens their safety; or • marginalises them through failing to provide access to: <ul style="list-style-type: none"> - adequate personal amenities, or - the economic and social supports that a home normally affords; or • places them in circumstances which threaten or adversely affect the adequacy, safety, security and affordability of that housing; or • has no security of tenure – that is, they have no legal right to continued occupation of their home. <p>A person is also considered homeless if he or she is living in accommodation provided by a SAAP <i>agency</i> or some other form of emergency accommodation.</p>
Ongoing support relationship	<p>A relationship between a SAAP <i>agency</i> and a person whereby some assistance has been provided to that person and it is agreed that future contact will occur between the person and the <i>agency</i> for the purpose of providing additional assistance.</p> <p>An invitation to return to the <i>agency</i> if the need arises does not constitute an <i>ongoing support relationship</i>.</p> <p>This definition is used to help establish whether a person is considered a <i>client</i> for the purposes of the National Data Collection.</p>
Recurrent allocations	<p>Amounts of money specifically allocated during the reporting period by a State or Territory department either:</p> <ul style="list-style-type: none"> • to SAAP <i>agencies</i> to fund salaries and associated on-costs, and ongoing operating costs; or • for use by each State or Territory for such purposes as training, research, evaluation, administration, and asset replacement or purchase.

Referral	For the purposes of the National Data Collection, a formal referral process—not simply the provision of information. A (formal) <i>referral</i> occurs when a SAAP <i>agency</i> contacts another organisation and that organisation accepts the person concerned for an appointment or interview. A <i>referral</i> has not been provided if the person is not accepted for an appointment or interview.
Support	Assistance, other than <i>supported accommodation</i> , provided to a <i>client</i> as part of an <i>ongoing support relationship</i> between a SAAP <i>agency</i> and the <i>client</i> . For the purposes of the National Data Collection, <i>support</i> also includes contact with, or work on behalf of, a <i>client</i> for generally more than 1 hour on a given day. <i>Support</i> may be provided to the <i>client</i> individually or in group sessions.
Support period	<p>A <i>support period</i> commences when a <i>client</i> begins to receive <i>support</i> and/or <i>supported accommodation</i> from a SAAP <i>agency</i>. The <i>support period</i> is considered to finish when:</p> <ul style="list-style-type: none"> • the <i>client</i> ends the relationship with the <i>agency</i>; or • the <i>agency</i> ends the relationship with the <i>client</i>. <p>If it is not clear whether the <i>agency</i> or the <i>client</i> has ended the relationship, the <i>support period</i> is assumed to have ended if no assistance has been provided to the <i>client</i> for a period of 1 month. In such a case, the date the <i>support period</i> ended is 1 month after the last contact with the <i>client</i>.</p>
Supported accommodation	Accommodation paid for, or provided directly by, a SAAP <i>agency</i> . The accommodation may be provided at the <i>agency</i> or may be purchased using SAAP funds—at a motel, for example.

1 Introduction

This publication is one of eight State and Territory supplements that accompany the fifth annual national report on the Supported Accommodation Assistance Program (SAAP) National Data Collection. The annual report provides an overview of assistance given to clients of agencies funded through SAAP.

The tables and charts included in this supplement are generally similar to those in the national report but relate to South Australia only. To assist the reader, a glossary of terms is included at the beginning of this report. Further information to aid readers in interpreting the tables is given in Appendix 1 of the main report. Included in that Appendix are:

- an overview of the Client Collection and its data;
- general notes to tables;
- an explanation of the weighting system used to adjust the data for agency non-participation and client non-consent;
- counting rules used in the tables; and
- a guide to interpreting the tables. In particular, two example tables with explanatory notes demonstrate how to interpret data presented in the different types of tables in the report.

Appendix 1 to this supplementary report provides additional information relevant only to the interpretation of tables for South Australia. Appendix 2 contains copies of the client form and the high-volume client form used to collect data in 2000-01.

Data presented here primarily relate to the financial year ending 30 June 2001. However, comprehensive data on services provided to children accompanying clients to SAAP agencies have only been available since January 2001, and consequently tables using this data refer to the 6 month period from this date. Although most tables provide information about both completed and ongoing support periods, analysis of the duration of support and accommodation and of data items relating to client circumstances after support is necessarily limited to completed support periods only. In addition, a number of tables contain data for the 5 years that the National Data Collection has been conducted (see Chapter 8). It should be noted that, while most estimates have been adjusted for client non-consent and/or agency non-participation, no allowance has been made for agencies who provide forms for some but not all of their support periods.

Estimates in this report are subject to revision. Revised tables, along with the reports themselves, are posted on the website of the Australian Institute of Health and Welfare (www.aihw.gov.au). Regional tables and counts for all data items collected are available in hard copy or electronic format on request from the National Data Collection Agency, which is managed by the Australian Institute of Health and Welfare (NDCA@aihw.gov.au).

Notes

1. 'Recurrent allocations' excludes funds not allocated to agencies; for example, funds allocated for administration, training, research and evaluation.
2. 'Total recurrent funds' includes \$360,000 provided through the Partnerships Against Domestic Violence Program. Of this, \$336,000 was allocated to agencies.
3. Not all agencies operated throughout the year. At 30 June 2001, 83 agencies were operating.

Table 3.1: SAAP support periods and clients, South Australia, 2000-01

Support periods (number)	10,800
Clients (number)	7,450
Mean number of support periods per client	1.85
Clients per 10,000 population 10+	57

Notes

1. Number excluded due to errors and omissions (weighted): 0.
2. 'Clients per 10,000 population 10+' shows how many people out of every 10,000 aged 10 and over in the general population became SAAP clients. The rate is estimated by comparing the number of SAAP clients aged 10 and over with the estimated resident population aged 10 and over at 30 June 2000 (final estimates).
3. Number of clients in this table relates to clients that *ever* received assistance from a SAAP agency in South Australia.
4. Some of the support periods for clients may have been at agencies in another State or Territory. Consequently, the number of clients multiplied by the average number of support periods for these clients is greater than the number of support periods provided within South Australia.
5. Support period figures have been weighted to adjust for agency non-participation.
6. Client figures have been weighted to adjust for agency non-participation and client non-consent.

Notes

1. Number excluded due to errors and omissions (weighted): 274 clients.
2. For the full derivation of cultural and linguistic diversity, see the counting rules (Appendix 1, Section 1.4 of the main report). English proficiency groups are based on country of birth—see Glossary.
3. 'South Australian population' refers to the estimated resident population at 30 June 1996. The figures for Indigenous Australians are from experimental estimates based on the 1996 Census produced by the ABS. The number of 'Australian-born non-Indigenous people' is derived as the Australian-born population minus the number of Indigenous Australians.
4. Figures have been weighted to adjust for agency non-participation and client non-consent.

Notes

1. Number excluded due to errors and omissions (weighted): 110.
 2. 'Per 10,000 population' shows how many people out of every 10,000 in the general population become SAAP clients. The rate is estimated by comparing the number of SAAP clients with the estimated resident population in the designated age group as at 30 June 2000 (final estimates). For those aged under 18 years, only those aged 10 to 17 are included in the calculations.
 3. Figures have been weighted to adjust for agency non-participation and client non-consent.

Notes

1. Number excluded due to errors and omissions (weighted): 268 closed support periods (including cases with no information on service requirements or provision).
2. In groups of service types, a client may require more than one type of service within the group. Percentages for broad groups relate to all needs and not to support periods. For individual types of services, a need can be recorded only once within a support period, so percentages relate to support periods.
3. The numbers relating to assistance with problem gambling or immigration issues may be underestimates: information on these services was not specifically collected for the first half of the year by agencies using the electronic reporting tool. These services may have been reported under other categories.
4. Figures have been weighted to adjust for agency non-participation.

Notes

1. Number excluded due to errors and omissions (unweighted): 135 accompanying child support periods.
2. Number excluded due to errors and omissions (unweighted): 63 support periods.
3. Table excludes high-volume records because not all items were included on the high-volume form.
4. 'Accompanying child support periods' includes cases where it was reported that support and/or accommodation were needed by, provided to or referred on for the accompanying child.
5. Accompanying children were able to receive multiple services, so percentages do not total 100.
6. An accompanying child may be counted in more than one support period, so the total number of accompanying child support periods does not equal the actual number of accompanying children requiring assistance.
7. Although each member of a couple has an individual support period, in this table a couple presenting with children contributes only one support period. The table is therefore not directly comparable with other tables showing the number of support periods by client group.
8. No children accompanied clients in the 'other' client group.
9. Figures are unweighted and have not been adjusted for agency non-participation.

Notes

1. Number excluded due to errors and omissions (unweighted): 0 closed accompanying child support periods.
2. Table excludes high-volume records because not all items were included on the high-volume form.
3. In groups of service types, an accompanying child may require more than one type of service within the group. Percentages for broad groups relate to all needs and not to support periods. For individual types of services, a need can be recorded only once within a support period, so percentages relate to accompanying child support periods.
4. Figures are unweighted and have not been adjusted for agency non-participation.

Notes

1. Funding per support period and funding per client are based on recurrent allocations to agencies.
2. Support period figures have been weighted to adjust for agency non-participation.
3. Client figures have been weighted to adjust for agency non-participation and client non-consent.
4. 'Total recurrent funding' for 1999–00 and 2000–01 includes relatively small amounts provided through the Partnerships Against Domestic Violence Program (Table 2.1; AIHW 2001: Table 2.1).

Notes

1. Number excluded due to errors and omissions (weighted): 0.
2. Numbers of clients in this table relate to clients that ever received assistance from a SAAP agency in South Australia.
3. Some of the support periods for clients may have been at agencies in another State or Territory. Consequently, the number of clients multiplied by the average number of support periods for these clients is greater than the number of support periods provided within South Australia.
4. 'Clients per 10,000 population 10+' shows how many people out of every 10,000 aged 10 and over in the general population become SAAP clients. The rate is estimated by comparing the number of SAAP clients aged 10 and over with the estimated resident population aged 10 and over at 30 June just prior to the reporting period.
5. Support period figures have been weighted to adjust for agency non-participation.
6. Client figures have been weighted to adjust for agency non-participation and client non-consent.

Appendix 1 The data

General information to help readers interpret the tables presented in this report is given in Appendix 1 of the main report. Additional information relevant only to the tables for South Australia follows.

A1.1 Agency participation

Table A1.1: SAAP Client Collection: agency participation rates and forms returned with informed consent and valid consent, by region and primary target group, South Australia, 2000-01

Cross target/multiple/general	12	100.0	1,075	86.1	84.1
Total	82	93.9	10,130	81.0	79.1

Notes

1. 'Agencies' refers to the number of agencies that were 'in scope'—that is, that should have been participating in the reference period.
2. Based on forms returned from agencies in scope for the Client Collection during the reference period. Not all agencies funded under SAAP are required to participate in the Client Collection. For example, agencies that only provide support to other agencies or that only provide casual assistance lasting less than 1 hour are not required to participate in the collection. Consequently, some agencies funded under SAAP (see Chapter 2) are not included in this table.
3. 'Valid consent' here refers to all forms with a valid alpha code that were answered with consent (see 'alpha code' in Glossary).
4. Of the 10,130 forms returned, 2,298 were high-volume forms. After adjusting for agency non-participation (see Section A1.2.1 of the main report), high-volume agencies accounted for 2,450 of the 10,800 support periods.

A1.2 Additional counting rules

In the tables in this report, when counting clients or support periods in particular groups, the following rules have been used in addition to those outlined in Appendix 1, Section 1.4 of the main report.

Region

Six administrative regional classifications developed by the South Australian Department of Human Services are used in this report. The names of these regions are as follows:

- Metropolitan, Eastern – including the Local Government Areas of Charles Sturt, West Torrens, Port Adelaide, Enfield-Coast and Port;
- Metropolitan, Northern – including the Local Government Areas of Gawler, Playford, Salisbury, Tea Tree Gully, Port Adelaide, Enfield-East and Inner;
- Metropolitan, Southern – including the Local Government Areas of Adelaide, Burnside, Cambelltown, Norwood, Payneham, Saint Peters, Prospect, Unley, Walkerville, Adelaide Hills-Central and Ranges;
- Metropolitan, Western – including the Local Government Areas of Holdfast Bay, Marion, Mitcham, Onkaparinga;
- Country, North – including the Eyre, Mid-North, North and Far West, Wakefield regions; and
- Country, South – including the Hills Mallee and Southern, Riverland, and South East regions.
